Case Study

Hi

The summer is upon us and the World Cup is behind us. Time to take a fresh look at Opera II Dashboards and get your KPIs on holiday, with remote user access. Don't forget your sunglasses!

Solutions News

Make better decisions with new and improved Opera II Dashboards

Cleanology

Cleanology provides commercial and specialist cleaning and facilities management.

They did their research of available software solutions, looking for an integrated accounting and payroll/HR solution and chose Opera II.

Opera II Dashboards. Make better business decisions.

Opera II Dashboards is a new and improved module that helps you make informed business decisions based upon live data, direct from Opera II.

Who will benefit?

Opera II Dashboards is for everyone in your business, from top level management to operational staff, and you don't need to be technical to use it.

Can I create my own dashboards?

Yes, with the **Opera II Dashboards Manager** you can create and publish your own dashboards suited to your own role.

Where can I access my dashboards?

You can see your dashboards when you're in the office or when you're on holiday with remote user access through a standard internet browser.

How can I see it in action?

Book a **customer webinar** at your desk on **Monday 19 July or 26 July at 2pm**. If you're short on time, Watch our **video** on www.pegasus.co.uk.

legislation, making sure that the information you submit is accurate.

No payroll expertise is required as 12 months telephone support cover from Pegasus is included.

From only £125 + VAT

Take the pain out of asset depreciation

Do you currently maintain your asset register in an Excel spreadsheet? Now you can easily upgrade to the [Opera II Fixed Assets](#) module by importing assets from an Excel spreadsheet. It's that easy.

Fixed Assets for Opera II maintains a complete register of your company's assets from initial acquisition through to disposal. Keep control of the resources your company has invested in and avoid misappropriation.
